About Your Policy

Mechanical Breakdown Insurance (MBI) protects **you** against the cost of sudden and unforeseen breakdown of **your** vehicle.

This document is the policy wording for Smart Cover – **our** extensive MBI cover for a wide range of **vehicle components**.

Your policy is a contract between **you** and **us** and is comprised of:

- **Your** online application or application form;
- **Your** policy wording; and
- **Your** current **policy schedule**; and
- Any other document issued by **us**, which may vary or modify the above documents.

Please keep these documents safe and read them together.

It is important **you** read **your** policy in full and understand **your** benefits and the terms and conditions of **your** policy, including what **your** insurance covers – and what it doesn't. If there is anything **you** don't understand, or if **you** have any questions, please contact **us**.

Your vehicle details are stated in **your policy schedule**. If they are incorrect in any way, including **vehicle** make, model, year or odometer reading, **you** may not qualify for the extent of cover **you** have selected. It is important that **you** check **your policy schedule** and advise **us** immediately if any details are incorrect or need updating.

Defined Words

If a word is shown in **bold** it has a special meaning. There is a list of these words and their meanings in the Definitions section of this policy.

Duty Of Disclosure

You have a legal duty of disclosure when **you** apply for insurance, make changes to **your** policy and when making a claim, to tell **us** everything that a prudent insurer would want to take into account in deciding:

- Whether to issue **your** policy;

- The applicable terms and conditions of **your** policy;
- The amount of **your** premium;
- Whether any alterations to **your** policy will be made;
- Whether **your** policy will respond to **your** claim.

If **you** breach the duty of disclosure, **we** may void **your** policy from the start of the **period of insurance** and refund any premiums **you** have paid **us**.

What You Are Insured For

Your current **policy schedule** will show the cover level, and the additional benefits for **your vehicle** based on its make, model, category, age and odometer reading at the start of the **period of insurance** and any conditions **we** imposed on **your** policy.

For **electric vehicles** the **Electric Vehicle** Package is added to this cover.

If **your vehicle** suffers a **breakdown** of a covered **component** during the **period of insurance** while in New Zealand and **you** have complied with the terms of this policy, **we** will settle **your** claim by, at **our** discretion, choosing to either have an **authorised repairer** repair **your vehicle**, with **components** that are comparable to the condition of **your vehicle** at the time the **breakdown** occurs, or pay **you** the cash value of these repairs.

The most **we** will pay for any one claim under **your** policy, is the maximum claim entitlement for **your** cover and the additional benefits, less the excess stated on **your policy schedule**.

The most **we** will pay for the total of all claims in one **period of insurance** under this policy is limited to the **market value** of **your vehicle** at the start of the **period of insurance**, or the value of **your vehicle** as stated on **your policy schedule**, whichever is lower, less any excess.

Where **we** consider **your vehicle** is uneconomic to repair, **we** will settle the claim as a **total loss** and pay **you** the **market value** of **your vehicle** as at the start of the **period of insurance**, the purchase price of

your vehicle or the maximum claim entitlement as stated on **your policy schedule**, whichever is lower, less any excess. If **we** settle the claim as a **total loss** then the **period of insurance** ends.

Electric Vehicle Package

For **electric vehicles** the **Electric Vehicle Package** is added to **your** cover and the following manufacturer specified and factory fitted **components** are covered under **your** policy:

- Auxiliary engines; and
- Drive unit (inverter); and
- Dual charger; and
- **Electric vehicle battery.**

We will only pay for one **electric vehicle battery** replacement in one **period of insurance**.

The maximum contribution **we** will pay towards repair or replacement of an **electric vehicle battery**, depending on **your vehicle's** age at the time of the claim is:

- Up to 10 years: \$10,000.
- Over 10 years: 50% of the claim entitlement for **your** selected cover, less the excess, as stated on **your policy schedule**.

If **your electric vehicle** requires towing it must be transported using a flatbed tow-truck.

Additional Benefits

These additional benefits apply if **you** have a claim accepted under **your** policy. The applicable additional benefits and the total maximum amount of the additional benefits **we** will pay are shown in **your policy schedule**.

Repatriation Costs

In the event of a **breakdown** that occurs more than 100 km from **your** normal residence and the repair of **your vehicle** by an **authorised repairer** exceeds 24 consecutive hours, **we** will reimburse **you** the reasonable repatriation costs for **your vehicle** to **your** normal residence or another location convenient to **you**, whichever is closer, up to \$250 per claim.

Accommodation and Return Home Travel

In the event of a **breakdown** that occurs more than 100 km from **your** normal residence and the repair of **your vehicle** by an **authorised repairer** exceeds 24 consecutive hours, **we** will reimburse **you** the reasonable costs for accommodation, rental car hire or return home travel, up to \$500 per claim.

Roadside Assistance

Your vehicle is eligible for roadside assistance with unlimited callouts, 24 hours a day, 7 days a week, 365 days a year. Roadside assistance is covered by AA Roadservice, provided and administered by The New Zealand Automobile Association Inc. on **our** behalf. Please refer to the AA Roadservice Cover section of this policy for details.
